Family History
Forever Here

Our life is a link added to our family history. The link is never broken, even when we are no longer physically here. In actuality, we are *Forever Here*, as the significance of our life is passed on from generation to generation.

Who we are begins at birth, develops throughout our life and never ends as we are forever linked to our *Family History*.

Funeral and Memorial Services bring family and friends together to celebrate and pay tribute to the life of our loved one.

The unique personality, the events, accomplishments and the people in our lives become part of our *Family History*. When we transition, who we are, what we did, the lives we have touched becomes the legacy we leave to our family that passes from generation to generation. We no longer are physically here but in actuality, we are *Forever Here*.
