“ I showed you as long as I was allowed how much I love you. We have spent precious time together. No one knows more about your general life and spiritual walk as myself and your dear daughter Mary. We walked through your family and church pictures as well as all of the publications you kept throughout the years many, many times. I am persuaded the Lord's Will has been done. It was hard not seeing you. I know this is not what you wanted. I long to sit with you, pray, read to you, sing to you, hold your hand and talk, but that time is over. I tried to be there for you when no one else but Phyllis was there. I love you and the family so very, very much. Rest Mother, my love and my friend. Missing you.
